

COMPANY CERTIFICATIONS

BIP is a **Level 2 Broad-Based Black Economic Empowerment (B-BBEE)** contributor, reflecting our commitment to transformation and economic inclusion in South Africa. Partnering with us offers both industry expertise and strong procurement recognition under the B-BBEE scorecard.

BIP is proudly registered with the Construction Industry Development Board (CIDB) at **Grade 7**, confirming our capability to handle large-scale projects. This certification reflects our commitment to national standards of quality, safety, and professionalism in boiler construction and maintenance.

BIP holds a **4 Flame Rating** from the South African Gas Association (SAGA), demonstrating our high standards in gas system installation, safety, and compliance. This rating reflects our technical expertise and commitment to industry-leading performance in gas-related projects.

BIP is **ISO 3834 certified**, ensuring internationally recognised standards in welding quality and control. This certification highlights our commitment to precision, safety, and reliability in the fabrication and repair of pressure equipment and structural components.

BIP is **ISO 9001 certified**, demonstrating our commitment to consistent quality, customer satisfaction, and continual improvement across all operations. This certification ensures that our processes meet international standards for effective quality management.

BIP is **proudly registered with the South African Institute of Welding (SAIW)**. This affiliation underscores our commitment to industry-best practices, skilled workmanship, and compliance with national and international welding standards.

BIP is **certified by the International Institute of Welding (IIW)**, reflecting our adherence to globally recognised welding standards. This certification highlights our technical competence, quality assurance, and commitment to excellence in welding practices.

BIP proudly **holds a 4-star health and safety compliance certificate**, awarded by CJS Group (a Saoish Corporate Member). This recognition reflects our commitment to providing a safe, compliant working environment and upholding the highest safety standards across all projects.
